

NINE REASONS WHY YOU'LL BE ON

CLOUD 9

WITH COMMWISE POWERED BY ZADARA

1 ELIMINATE YOUR RISK

The Commwise Cloud pay-as-you-go model eliminates upfront CapEx costs and wasted over-provisioning.

CONSUMPTION-BASED PRICING

2

Regardless of how much storage you install or provision, Commwise charges only for the storage and services you use.

3 24/7 MONITORING AND SUPPORT

24/7 proactive system monitoring and support help ensure access to the resources you're paying for.

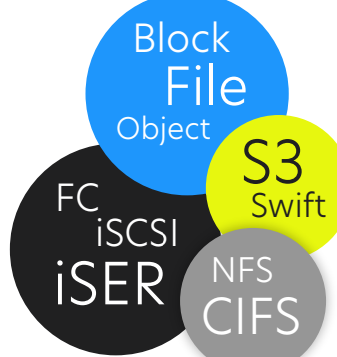

100%-UPTIME GUARANTEE

4

The Commwise Cloud, powered by Zadara provides a 100%-uptime guarantee, and our cumulative total system availability the past three years is 99.9999%.

5 ANY DATA TYPE. ANY PROTOCOL.

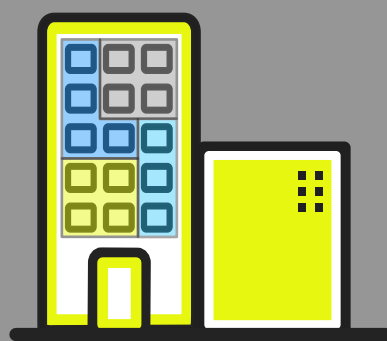

The Commwise Cloud supports SAN (FCP-SCSI and iSCSI) and NAS (CIFS/NFS) protocols, as well as S3/Swift compatible Object Storage.

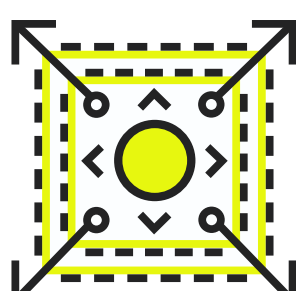

DATA PRIVACY AND SECURITY

6

The Commwise Cloud provides complete isolation of resources among tenants and the ability to separate workloads.

7 GROW OR SHRINK ON DEMAND

Scale up or down as needed, seamlessly replicate from a data center to the cloud.

HYBRID / MULTI-CLOUD CAPABLE

8

Zadara provides the ability to concurrently connect to any cloud, providing complete flexibility and data redundancy.

9 FREE UPGRADES. NO MIGRATION.

Periodic, non-disruptive hardware and software upgrades eliminate painful data migrations.

ZERO-RISK ENTERPRISE STORAGE

Zadara solutions perform just like traditional enterprise storage. But, unlike legacy storage, The Commwise Cloud, powered by Zadara is a fully-managed, pay-as-you-go service that effectively eliminates your financial, technical, and operational risk.
