

Unleash the Un-lease.

Love your equipment lease? You'll love us more!

Much like the auto industry, IT equipment has evolved from CapEx to OpEx resulting in the lease becoming an attractive financial option for many.

In the IT world, while the lease provides payment plans and no ownership of outdated hardware, Zadara's consumption-based model goes above and beyond that, by providing full support 24/7, upgrades, and much more. Continue reading to see how Zadara beats your lease.

WHATEVER STORAGE YOU WANT,
WHENEVER, WHEREVER YOU WANT.

FREE MAINTENANCE

Don't you hate it when things break down?

What if your storage was constantly monitored, and problems were prevented and resolved before they impacted your business - with no downtime, and at no additional cost?

With Zadara, you have a team of engineers working around the clock to ensure your storage is working efficiently.

PERSONAL CHAUFFEUR

Support available whenever you need it.

Our team of experts are here to provide a free consultation, and when you're ready to move forward, there's no onboarding fee.

With your storage fully managed, support is available 24/7 and monitors your storage and provides recommendations on specific applications and usage.

ONLY PAY WHEN YOU'RE USING IT

Never worry about over-provisioning again with Zadara Storage-as-a-Service.

Not sure how much storage you'll need next year or in 2-3 years? No problem. Only pay for what you need now and scale up and down as needed.

With Storage-as-a-Service, there's no risk of over-provisioning or costly refresh cycles. Just pay for the capacity you need at that time.

EASILY CHANGE OR CANCEL

Have your needs changed?

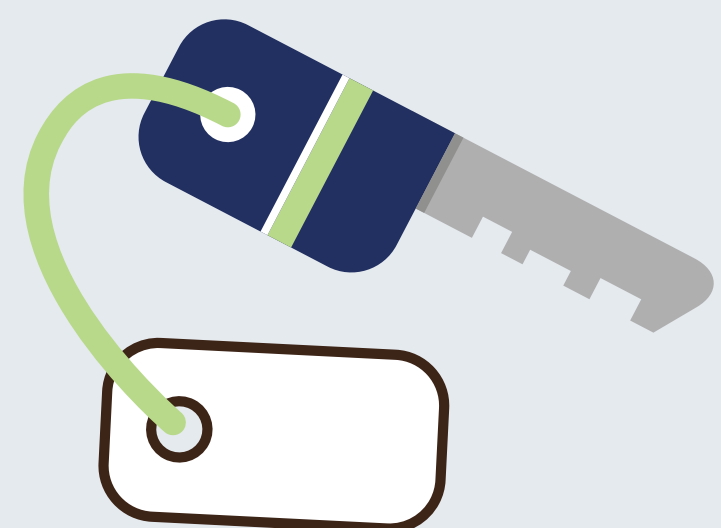

Simply change your storage selections or cancel altogether. Zadara Storage will always fit your requirements as we are always aligned with your changing IT world.

No long-term commitments.
No hidden fees.
